Hafa Adai:

"St. John's School was founded in 1952 in order to provide an advanced educational opportunity to the residents of Guam ... "These words from our school's mission statement define our purpose in simple terms. Additionally, our mission is to "provide the highest quality academic and extra-curricular education ... for students who plan to continue to higher education." It is our goal to attract the brightest students from a board range of backgrounds – students with strong academic promise and the motivation to succeed. Income from our Endowment Fund, combined with contributions from individual donors, helps us provide the St. John's quality education through financial assistance to qualified students.

Financial assistance provided to St. John's families is strictly confidential. The Board of Trustees determines policy guidelines and funding amounts, but only the school administration reviews applications and determines awards.

Scholarship students and their parents are expected to volunteer their time and talents to provide services needed by the school.

## **Programs Available**

**General Scholarship** – *Awarded to the most qualified students based on financial need, academic standing and other personal achievements. Candidates must complete the financial aid process, as enclosed. Award amounts vary based on the pool of candidates and the availability of funds.*

**ECIM Scholarship** – Established in 2008 by The Episcopal Church in Micronesia (ECIM) and the national Episcopal Church in New York, this scholarship is based on financial need, academic standing and other personal achievements. This scholarship is an outreach program for Episcopalian students, who wish to benefit from a college-preparatory education. Candidates must complete the financial aid process, as enclosed. Award amounts vary based on the pool of candidates and the availability of funds.

**Merit Scholarship** - Established in 2004 by St. John's School Board of Trustees, this scholarship is for talented students who show potential in any of these areas: sports, visual arts, performing arts, leadership and community service. Merit scholarships are awarded independent of financial need. Students must remain in acceptable academic standing throughout the school year.

**Benefactor Scholarship** – St. John's has a donor-centered giving program in which donors may create special scholarships or scholarship endowments. These scholarships may or may not be offered each year depending on the availability of funds. Interested students need not apply directly for these scholarships as all candidates in the Tuition Assistance Program are automatically considered.
