ACADEMICS

St. John's is an independent school with a vibrant curriculum. Learning begins with the highest quality Pre-K instruction, delivered by professional early childhood trained educators, and culminates with International Baccalaureate (IB) and Advanced Placement (AP) courses to produce the most college-ready graduates in the region.

Our STUDENTS

A rigorous education program provides students with strong basic knowledge, instills strong study habits, as well as provides athletic and fine arts opportunities. Values of service and social responsibility are pervasive throughout a student's experience. Respect and appreciation for each individual's faith and culture defines our purpose.
